

ABOUT THIS MEMBER BENEFIT

Herbal Blood is a cleansing herbal blend formulated to support the body's natural detoxification pathways, especially the bloodstream and lymphatic system. Combining bitter roots, blood-purifying herbs, and supportive botanicals, this formula helps remove unwanted debris from the circulatory system while encouraging elimination through the skin, liver, and kidneys. It's particularly helpful during seasonal detox or when stagnant terrain is observed.

WHAT IT MAY SUPPORT

- You're experiencing chronic skin issues, body odor, or poor circulation
